## About The Conference

---

Dear Speakers/Delegates/Attendee,

Ariyopa Healthcare and Cancer Healer Center welcomes you to attend the 8th World Cancer Congress - 2024 during March 18th - 20th, 2024 at Jawaharlal Nehru Auditorium, AIIMS, New Delhi, India. We cordially invite all the participants interested in sharing their knowledge and research work in the arena of Cancer Research. From feedback received, the previous Congresses 2016, 2017, 2018, 2019, 2020, 2021, 2022 resulted in fruitful collaborations and rewarding experiences for the delegates who left the events with concrete tools and solutions that helped them enhance their work practice and impact. As hosts, we already feel very excited to create the same energetic and inspiring atmosphere during the Congress week, adding local flavors and new perspectives such as the role of complementary treatment in cancer to the programme. This year the conference will be organised around the theme of "Integrative Medicine and Translation Research in Cancer".

The 8th World Cancer Congress - 2024 will explore the new ideas and concepts on global scale and the topics on Cancer Biology & Genetics, Yoga and Naturopathy, Ayurveda and Cancer, Organ-Defined Cancers, Oncology: Sub-Specialities, Radiation Oncology, Surgical Oncology, Cancer & Stem Cell Therapy, Precision Cancer Medicine & Oncology, Cancer Biomarkers, Cancer Epidemiology, Cancer Prevention & Research, Cancer Therapy & Treatments, Cancer Pharmacology, Cancer Vaccines, Cancer Immunology & Immunotherapy, Oncology Nursing and Care, Complementary & Alternative Methods and Cancer, Cancer Awareness and Survival, Cancer: Lifestyle and Nutrition, Cancer: Psychological & Social Aspects.

The 8th World Cancer Congress – 2024 will also focus on Cancer Stem Cells, Cancer Basic & Applied Research Tumor, Anti Cancer Drug Discovery, Clinical Oncology and Personalized Cancer Medicine. It will give us novel insight into the complexity of the connections between Cancer and Metabolism & Immune Checkpoints. Our goal is to deliver an outstanding program with the right balance of clinical relevance, which covers the entire spectrum of practice issues in Cancer Research and Treatments.

Thus, the urgent need to mobilize our efforts, promote cancer advocacy more efficiently and develop effective national policies and plans for prevention, early detection, care and support.

We look forward to the honour of welcoming you at New Delhi during conference.

## Welcome Message

---

Dear Delegates/Speakers/Attendee.

On behalf of the Organizing Committee, it is my pleasure to invite all of the great scientists, academicians, young researchers, Business delegates and students from all over the world to attend the 8th World Cancer Congress – 2024 which has been scheduled from March 18th – 20th, 2024. The 8th World Cancer Congress – 2024 will be hosted at Jawaharlal Nehru Auditorium, AIIMS, New Delhi, India and will be organized with the theme of “Integrative Medicine and Translation Research in Cancer”.

Cancer is the second leading cause of death worldwide. It's crucial to remember that cancer is not one disease – it's more than 200 cancer diseases involved. All different, unique diseases, which require different approaches for treatment. Treatments that work for some cancers don't work for others and sometimes those treatments simply stop working. Only worldwide research will enhance our understanding of cancer and help us find and develop better, more effective treatments. This year the world cancer congress - 2024 will also focused on swadashi treatment on cancer like AYURVEDA, Homeopathy Approach towards cancer treatment, Yoga and Naturopathy, UNANI medicine etc.

WCC2024 will be the best platform for all the Oncologists, Hematologists, Surgeons, Cancer Researchers, AYUSH Practioners and research scholars, students who are working in this field to exchange their knowledge related to cancer Research. This international event is an effort to understand the underlying biological procedures which are amended to increase effectiveness, precision, survivability and quality of life.

We look forward to the honour of welcoming you at the summit.
